Question:

“Describe the experience, up to a maximum of four highway projects of which one shall be a Design Build project that the Submitter and each Major Participant has managed, designed, and/or constructed by completing Form C (if the Submitter is not yet existing or is newly formed, please explain).”

Does this mean 4 projects total for the DB Team or can the Submitter and each “Major Participant” submit up to 4 projects each (with one being a design build project).

Answer:

Section 3.2.1 of the revised RFQ dated 9-04-12 states “....up to a maximum total of four highway projects... one shall be a Design Build project....” No more than four Form C’s are allowed or will be accepted .
